Re: WJZL(FM), Charlotte, Michigan
Facility Identification Number: 24645
Rubber City Radio Group, Inc.
Special Temporary Authorization

Dear Mr. Stype:

This is in reference to the request filed July 9, 2007, on behalf of Rubber City Radio Group, Inc. ("RCRG"). RCRG requests extension of the special temporary authority ("STA") granted on January 18, 2007, to operate Station WJZL with temporary facilities pursuant to Section 73.1615.¹

Our review indicates that, subsequent to the filing of the extension request, RCRG completed construction of modified facilities authorized by Construction Permit BMPH-20061024AF, and that it has filed Application BLH-20071119AEL, which is pending before the Commission. The license application states that Station WJZL is operating pursuant to automatic program test authority; thus, STA is no longer necessary.

Accordingly, the request for extension of STA IS HEREBY DISMISSED.

Sincerely,

Charles N. Miller, Engineer
Audio Division
Media Bureau

cc: Rubber City Radio Group, Inc.

¹ WJZL is licensed for operation on Channel 224A (92.7 MHz) with effective radiated power ("ERP") of 1.5 kilowatts (H&V) and antenna height above average terrain ("HAAT") of 142 meters. Construction Permit BMPH-20061024AF authorizes a change in community of license to Grand Ledge, a change in operating channel to Channel 225 (92.9 MHz), relocation of the transmitter, and operation with ERP of 5.4 kilowatts (H&V) and HAAT of 105 meters.
